**Arden Dental Associates Hires New Doctor To
Meet Growing Needs of Area Residents**

Arden Dental Associates of Blaine, Minnesota is pleased to announce the addition of Dr. Steven R. Peterson to their staff as a full time dentist starting on July 7, 2008. With the addition of Dr. Peterson, Arden Dental Associates now has three dentists to meet the general, preventative, restorative and cosmetic dentistry needs of patients in the area. He will be joining Dr. Frank J. Milnar and Dr. Andre D. Rodriguez to meet the growing need for quality and convenient family dentistry in the north suburbs.

"We've built a great staff with a passion for beautiful and healthy smiles," said Dr. Frank Milnar, "We want Arden Dental to offer a convenient location and services that meet the needs of an entire family. Dr. Peterson is an excellent addition to our staff and our services."

Dr. Peterson is a family dentist with a focus on dental implants, oral surgery and root canals. He received his dental degree from the University of Minnesota and post -doctoral advanced training as a resident at the Veterans Hospital in Minneapolis. Dr. Peterson utilizes his training to provide excellent dental care for patients of all ages.

Dr. Frank J. Milnar, who, for several years, has been named one of the "Top Dentists in the Twin Cities", is one of the 200 international dentists who have received full accreditation by the American Academy of Cosmetic Dentistry. His cosmetically enhanced restorative dentistry is well regarded internationally and he lectures, consults and publishes work on cosmetic dental techniques worldwide. He is currently accepting patients at the Blaine office.

Dr. Andre D. Rodriguez joined the Arden Dental staff in February of 2008. He is a family dentist who is also fully trained as a Prosthodontist. He focuses on high-

end restorative and complex cosmetic procedures including veneers, implant dentistry, dentures and multiple missing teeth. In addition to being an excellent practitioner, Dr. Rodriguez is currently an Adjunct Clinical Professor at the University of Minnesota School of Dentistry. He is fluent in Spanish, French and English.

Dr. Dennis S. Killian and Dr. Frank J. Milnar purchased the Arden Dental Associates practice one year ago from Dr. Dan Larscheid. They have their primary practice in the Midway area of St. Paul and have a combined 60 plus years of clinical experience. They acquired the new clinic to create a second convenient office in the Metro area.

“We are very excited about the excellent work we are doing at our new clinic,” said Dr. Frank Milnar, “It is a very convenient location and we look forward to creating long lasting relationships with our patients and the community”.
